Product inform. RSA IPA

Description

Powerful screenwash concentrate based on mostly green raw materials.

Product features

This product satisfies the high demands that are put on a screenwash during winter.

- excellent cleaning power
- reliable frost protection
- pleasant scent
- friendly for car paint and polycarbonates
- mostly green raw materials and based on ethanol

Application

Suitable for screenwash systems of all the major car manufacturers.

Typical characteristics

	Method	Unit	Measure
Colour			Blue
Density at 15°C	D 4052	Kg/L	0,881-0,891
T _{Protection}			
1:0	D 1177	°C	-57 ± 2
1:1	D 1177	°C	-24 ± 2
1:2	D 1177	°C	-14 ± 2
1:3	D 1177	°C	- 9 ± 2
pH-value	D 1287		≥6,5 - ≤10
Water content	D 1123	%	<35
